Are you in charge of EL programming, and are you grappling with program models, assessment, language intake, teacher evaluation, and other pressing programming decisions related to ELL? **Join this network of EL program coordinators** to meet, greet, and extend networking and working relationships in the same field.

This session will take a look at the impact of the *Every Student Succeeds Act* (ESSA) on programming, and will develop themes and must-haves for subsequent sessions.

This Network will:

- * Provide a networking opportunity for all area EL program coordinators/supervisors.
- * Share and develop new and innovative EL programming ideas.
- * Look deeper into programming obstacles and collaborate on solutions.
- * Review essential leadership skills to advocate for marginalized populations.
- * Address ESSA changes and how it will impact programming.
- * Address EL teacher evaluations.
- * Collaborate on trends in programming and setting up systems of success.

This network is participant driven and content will be based off the needs determined by participants.
