Mental Health Summit

November 8, 2018

9:00 AM – 3:00 PM (8:30 AM Check-in)
(Resource Training & Solutions)

Resource Training & Solutions and Metro ECSU are excited to announce a collaborative learning opportunity for schools, cities and counties, and governmental agencies. Mental health is a prevalent need among all three entities and can be best addressed by working together.

Join us to learn about four successful central Minnesota initiatives that have been designed to support mental health needs within our communities.

Our day will feature the Bounce Back Project, the Pine County Chemical Health Coalition, the Wright County Safe Schools program, and CentraCare community programs. Participants will have time for collaborative discussion, as well as the opportunity to ask questions of our panelists. We'll end the day focused on compassion fatigue.
