**This year's theme — *Honing Your Leadership Craft***

As an education leader, your influence and impact on students, staff, and families is beyond measure. Join us as we examine tools and strategies that will provide focus to your invaluable everyday work in schools. Recognizing the myriad challenges formal and informal leaders face, Jeanne will lead participants through a comprehensive and memorable framework of interlocking areas that make it easy for leaders to spotlight what gets results.

### Participants will:

- Explore eight interrelated areas of school leadership that will guide synergistic leadership.
- Acquire specific instructional leadership actions you can put into practice immediately.

*Leading with intention in 2019 relies less on experience and opinions and more on evidence.*
