

Shareshop: Mentoring the Mentor for the NIC

Sponsored by Regional Low Incidence Projects-Region 11

December 1, 2020

4:00-6:00 pm.

Metro ECSU, 2 Pine Tree Drive, Arden Hills, MN 55112

Virtual Meeting

For: Minnesota Educational Interpreter Mentors

Workshop/Course Description: This workshop is designed for mentors working with interpreters who are pursuing their national certification. With the evolving exam administration, and progress in the new exam productions, it is critical for mentors to stay up to date on these developments. Participants in this interactive workshop will have the opportunity to gain a basic understanding of the exam's structure and identify supplementary mentoring resources to apply to their mentoring sessions.

Note: This workshop will not discuss the test content. It will merely discuss the structure of the exams.

Instructor: Krista Anderson

Originally from Sioux Falls, South Dakota, Krista works as a freelance ASL/English Interpreter in the Twin Cities. She earned her Bachelor's Degree in Sign Language Interpreting from Augustana College in 2015. Krista has coordinated and facilitated three cohorts of NIC Preparation Programs, and two rounds of ASLIS' Education 2 Excellence Mentoring Program. She works closely with mentors of these programs to not only improve her own skills for the test, but to offer a non-certified interpreter's perspective, and share insight on how to best prepare interpreters pursuing their national certification. Krista enjoys giving back to the community and volunteering with local organizations. When she's not working, you can find her at sporting events, the gym, or hanging out with friends and family. She lives in Albertville with her husband, Garrett, and their fur baby, Icer, an Alaskan Klee Kai.

Educational Objectives:

Participants will be able to

- Explain the structure of the current NIC Interview and Performance exam
- Distinguish the difference between the current performance exam and the two upcoming exams; CASLI's Generalist Performance and Gap Exam
- Analyze ethical scenarios and formulate structured responses
- Identify potential tools and resources to apply to their mentoring sessions
