

MN Low Incidence Projects Region 11 Literacy Community of Practice is honored to bring professional development on

Literacy Instruction Virtual Training

May 10, 2021

9:00 a.m. to 11:30 a.m.

Literacy Instruction

This presentation will review common instructional myths which can affect an overarching literacy framework while going in-depth with resources and strategies specific to the area of Blind/Vision Impairment (B/VI).

The information provided will be an overview of methods and strategies used with students who are visually impaired along the continuum of learning abilities. If you are working with a student who has a visual impairment, please connect with the Teacher of the B/VI to collaborate. There may be resources that we share that can prove beneficial as ways to access technology and information.

Comprehensive Literacy Training Series

The Region 11 Literacy Community of Practice focuses on bringing more training opportunities to teachers and districts across MN, attempting to implement literacy with struggling readers. The overarching goal is to increase knowledge for those interested in literacy for students with low incidence disabilities (i.e., Developmental Cognitive Disabilities, Deaf/Hard of Hearing, Blind / Visually Impaired, etc.). This opportunity is the second within a series of short, basic trainings to provide resources and awareness of best practices in the field.

Event Agenda:

9:00-9:30 Literacy Mythbusters

9:30-11:30 Just breathe...removing the scare factor of the Blind/Vision Impairment World in the educational setting

Presenters: Kayna Plaisted, Sheri Frisque & Megan Purfeerst
