

Agenda

DAY 1

9:00	Overview of the STAR Program – Research & Outcomes for ABA Strategies: Basic Behavioral Principles
10:15	Break
10:30	Behavior Scenarios – Breakout Session and Knowledge Check
11:00	Discrete Trial Training (DT)
11:15	Break
11:30	DT Level 1: Breakout Practice Sessions, Videos, and Knowledge Checks
12:30	Adjourn

DAY 2

9:00	Assessment and Progress Video
10:15	Break
10:30	DT Levels 2 & 3 Breakout Room Practice and virtual Knowledge Checks
11:15	Break
11:30	Pivotal Response Training (PRT) – Breakout Room Practice, Videos, Data Collection, Knowledge Checks
12:30	Adjourn

Agenda

DAY 3

9:00	Functional Routines (FR) – Breakout Room Discussion and Example Videos
10:15	Break
10:30	Functional Routines (FR) – Data Collection and Knowledge Checks
11:00	Putting It All Together: Working Document/Quickstart Guide
11:15	Break
11:30	Putting It All Together – Arranging the Environment for Success and Knowledge Checks
12:30	Adjourn

STAR Program Comprehensive Virtual Workshop

Virtual Workshop Components

Breakout Sessions:

Breakout rooms are sub-rooms that are created within the training session. These sessions support smaller group objectives: discussion of topics, practice of evidence-based strategies, and collaboration with peers.

Polling:

Polling allows for specific questions (single or multiple choice) to gather responses from attendees for knowledge checks and support attendee engagement.

Knowledge Checks:

Knowledge checks give attendees opportunities to both gauge understanding of the material previously presented as well as to provide feedback to the presenter about how to support attendees throughout the workshop.

Video Examples:

A variety of video examples shown throughout the workshop to support learning and practice of each evidence-based strategy.

Forms:

The workshop packet is provided pre-workshop to introduce the agenda, materials needed, virtual supports used in the workshop, and fillable documents to support implementation post-workshop attendance.
