

LIVE STREAM Learning Studio

KNOWLEDGE TO SUCCEED

Data shows that our cutting-edge educational livestreams have made a **positive impact** on schools this past year:

Nearly 2,000 educators submitted post-program evaluations. They rated the overall educational value of our livestreams a **6.49** (on a scale of 1-7).

98% of educators say they would like to participate in another livestream in the future.

My students thoroughly enjoyed the program. It went right along with the curriculum I am presently teaching in science. I hope we have the opportunity to see more. This was a great resource.

4th Grade Teacher
Middlesex Elementary School, Middlesex, NC

LIVE STREAM Learning Studio

KNOWLEDGE TO SUCCEED

Livestream Learning Studio is a year-long subscription service that focuses on vital enrichment education, rooted in the five core competencies of social emotional learning (SEL): self-awareness, self-management, social awareness, relationship skills and responsible decision-making.

Each program from **Livestream Learning Studio** offers your classroom community the opportunity to interact in a supportive learning environment, led by our live program directors. Each virtual event, supplemented by our follow-up lessons, allows students the chance to build meaningful relationships with their teachers and classmates, exploring important subjects and life skills together.

What we do

Livestream Learning Studio is here to help enhance your students' success through extraordinary live engaging and entertaining events.

The Studio can help teachers improve their SEL strategies and meet the challenges of today's academic landscape. When educators use these program resources, lesson plans and assessments, they can help students apply their knowledge and skills in healthier ways, building a stronger classroom community.

Each livestream is aligned to national education standards for grades 3-5 and Casel's SEL Framework. Currently, our content focuses on three subject areas: Character Education, Financial Literacy and Science. Sign up for a free 30-day trial today and experience the long-term benefits of Livestream Learning Studio programming with your students.
