Individualized Supports

PARTICIPATION PREP

District/Programs are encouraged, but not required, to gather participants in one space and join together. This will allow for optimal district/program-embedded discussions and activities throughout the training series. If you attend as an individual, you will have the option to self-select a Zoom breakout room with your group or with other individual participants from other programs.

Whether joining as an individual or as a group, please consider:

- Wifi connectivity strength
- Tech ability to project slides/Zoom window (for group viewing)
- Space with limited distractions/noise
- Ability to mute/unmute for discussion
- Access to chat for questions, comments, and links
- 1:1 devices (phone, computer, tablet) for individual access to links

If joining as a group, please consider:

- Space/room reservation
- Materials/tech needed, such as a computer, projector, speaker, microphone, note-taking paper, etc.
