

MN Low Incidence Projects Region 11 Assistive Technology Community of Practice is honored to bring professional development on

Assistive Technology Capacity Building

Two Part Event - Both Events Included

Part 1: March 2, 2022, 12:30 – 2:00 pm (1.5 hours)

Part 2: May 3, 2022, 12:30 – 1:30 pm (1 hour)

Target Audience: Assistive Technology Specialists & School Team Members serving students within Minnesota interested in building assistive technology capacity

Description: This series of two trainings introduces and applies the concept of capacity-building as a model of AT service delivery that empowers all team members to build the skills and confidence to plan and implement appropriate interventions.

Presenter:

Gayl Bowser, M.Ed. works as an independent consultant with a focus on the creation of effective, legal and high-quality service systems that encourage the integration of technology into educational programs for students with disabilities. Formerly the Coordinator of the Oregon Technology Access Program (OTAP) and the State of Oregon's Specialist in Assistive Technology. A teacher and school administrator by training, she provides AT consultation, professional learning, and technical assistance throughout the United States and internationally.

Fee: \$25 (includes both events)
