

# Making Meaning of Multiple Measures (M4)

## Using Minnesota Student Survey Data to Inform Improvement Planning

February 15, 2017 at Metro ECSU  
9:00 AM - 4:00 PM (8:30 check-in)

### Requirements:

- Districts are required to send a team of at least four staff members.
- This workshop is only open to districts that participated in the 2016 Minnesota Student Survey.
- Districts will be asked to bring their own attendance data to use during the workshop.
- Register early. Maximum of 10 districts. Deadline: Jan 30, 2017.

**The Minnesota Department of Education School Safety Technical Assistance Center and Metro ECSU are offering a one-day workshop on how to use student data in district improvement planning, focusing on improving school climate.** This workshop will explore the link between chronic absenteeism and school climate, as they relate to academic achievement. Participants will be given the opportunity to use their district's attendance and Minnesota Student Survey data to better understand issues that may be impacting student achievement. Those attending will leave the workshop with concrete tools for implementing their own improvement process that incorporates school climate data into academic goal-setting.

### Workshop Objectives:

- Describe the link between academic achievement, chronic absenteeism, and school climate.
- Use Minnesota Student Survey and attendance data to develop academic improvement plans.
- Learn a process for analyzing and interpreting multiple district-level data sets.

### Who Should Attend:

This workshop is intended for district leadership teams responsible for strategic planning, research and innovation, or using data in school improvement planning.

### REGISTRATION INFORMATION:

**FEE:** \$35.00 Includes lunch.

**REGISTER ONLINE:** <http://metroecsus.myquickreg.com>

**REGISTRATION DEADLINE:** January 30, 2017
